# What is VANVANSWAP?

Exchanging your house on wheels is a simple, safe and economical way to continue your adventures on the road all around the world.

What makes this experience even more authentic is that you can discover how other likeminded owners from all around the world live their life and make the most out of their road trips.

You want to travel to different places, but your destination might be too far away... you might not have enough days... you might be on a tight budget... or geographically speaking, your van can simply not get you there!

This website allows you to finally live those adventures you have always dreamed of. Wherever they may be!

It's FREE so TRY IT!!

## TRAVEL AROUND THE WORLD, STAY TRUE TO YOUR STYLE

VanVanSwap brings together owners and users of vans, campervans, caravans, motor homes, rvs, 4x4, etc from all over the world creating a respectful community of “vanlovers” who wish to continue exploring the world in the way they know best: in a house on wheels.

If you have one,...you know!

# How does VanVanSwap work?

## 1. Register your vehicle

Dedicate a few minutes to create you and your vehicle's profile. Other members will now be able to see your van. You will need to complete at least 80% of your profile to be able to use the website completely.

## 2. Decide where you want to go

Use the search engine and its filters to find vehicles and owners that meet your requirements. You may now access the whole world to travel, live and explore as a local.

## 3. Contact other users

Use our messaging platform to send (or reply to) exchange requests from other users. Get to know the person you are going to be sharing this travel experience with.

## 4. Request an exchange

Agree on the type of exchange that best suits your needs (reciprocal or with vanvanpoints) and prepare your house on wheels so your guest can feel at home. We are sure they will do the same for you!

# WE VALUE DIVERSITY

**If you own a house on wheels...this place is for you!**

**Age, size, style, interior...may vary from one to another but these differences are also what make them so unique! VanVanSwap truly appreciates and celebrates this diversity! As long as your vehicle has a bed, some furniture and some form of ventilation there is room for you in our community.**

# How can I Exchange my vehicle?

## RECIPROCAL EXCHANGE

- It's the traditional definition of exchange: Two users will be exchanging their vehicles with one another. (I lend you, you lend me).

They will also decide whether the exchange will be **simultaneous** (they will be using each other's vans at the same time) or if they intend to travel in different times of the year (**non simultaneous**)

# EXCHANGE WITH VANVANPOINTS

VanVanSwap wants to make it easier for you to organise exchanges so we have created an alternative type of exchange using **VanVanPoints**.

Here is how you can increase your chances of travelling even more:

VanVanSwap is aware that many people have limited days for their holidays and that finding a match for those same days (and other requirements) could make the process harder than expected. That's why we have created another type of exchange using VanVanPoints!

Any member of our community who wishes to use VanVanPoints for their exchanges will be able to access vehicles (upon request) of other interested users who will lend their house on wheels without having to return the visit. In return the "host" will receive a number of VanVanPoints that can be later used for an exchange of their interest.

## HOW CAN I EARN MORE VANVANPOINTS?

- Complete your profile
- Invite friends to become new members
- Upload your routes to VanVanbooks
- Lend your vehicle to other members

# VanVanBooks

WRITTEN BY THE COMMUNITY FOR THE COMMUNITY

Discover and download road trips from all over the world created exclusively by van users for other van users.

Avoid wasting endless hours researching every little detail of you road trip....

“Keep a record of your adventures on the road:

Sleeping spots, landmarks, tips, warnings...

Your experiences are extremely valuable and will be of great use to other users!”

If you already have a blog or store this information in your computer then use it to earn extra VanVanPoints (up to 5 depending on the length) or trade it for another ‘book’ you wish to download.

We can all do our part to turn VanVanBooks into the first worldwide road trip library of record

# Why should I join VanVanSwap?

If you only have a certain amount of days for your road trip you will now be able to **gain extra days** wherever you want to go.

If your house on wheels can't take you to your dream destination, others will. In VanVanSwap you will find **vehicles all over the world** for you to use.

If you own a house on wheels...you know what it feels like and everything you gain from travelling like this. **Don't give that up!**

**Save money** on rentals, nights in hotels, gas, eating out for every meal..., you now have all that extra money to spend on **experiences that really matter** to you!

**AND...OF COURSE,**

**VanVanSwap is FREE!!!!**

# OUR COMMUNITY IS GROWING...

Whatever your “travelling status” is (with family, friends, pets, alone...retired, working, studying... parttime, fulltime...etc.) **we all share the same passion** for our life and adventures in our house on wheels.

# Opinions from our users

*"I've travelled with my van around Europe many times for the past years and I really wanted to try other places. This website is giving me the opportunity to road trip around the USA without spending all my Money."*

*Manu - Gijón - España*

*"Simply amazing!!! We needed a platform like this for people like us!"*

*Maialen - País Vasco - España*

*"We have two small kids and we love to travel, especially during our summer holidays. We don't usually return to the same places so VanVanSwap has given us the chance to continue exploring new locations."*

*Javi - Navarra - España*

*Share the key to your happiness...  
...literally.*

*van* **#wedrivetheworld**
